Meet Charlie Walkrich, the owner. Charlie has been in the event business in both Europe and the United States since the early 2000s. Over the years, he has been a part of thousands of weddings and events mastering the craft of music, photography and video production while also gaining invaluable experience of working with people and making their dreams come true.

Charlie's team of photographers consists of truly talented, experienced, friendly, professional and detail-oriented personnel carefully chosen and thoroughly trained by Charlie personally. In other words, you get the best of the best. We would never send "random" people.
